

How to edit and email a photo using picnik.com

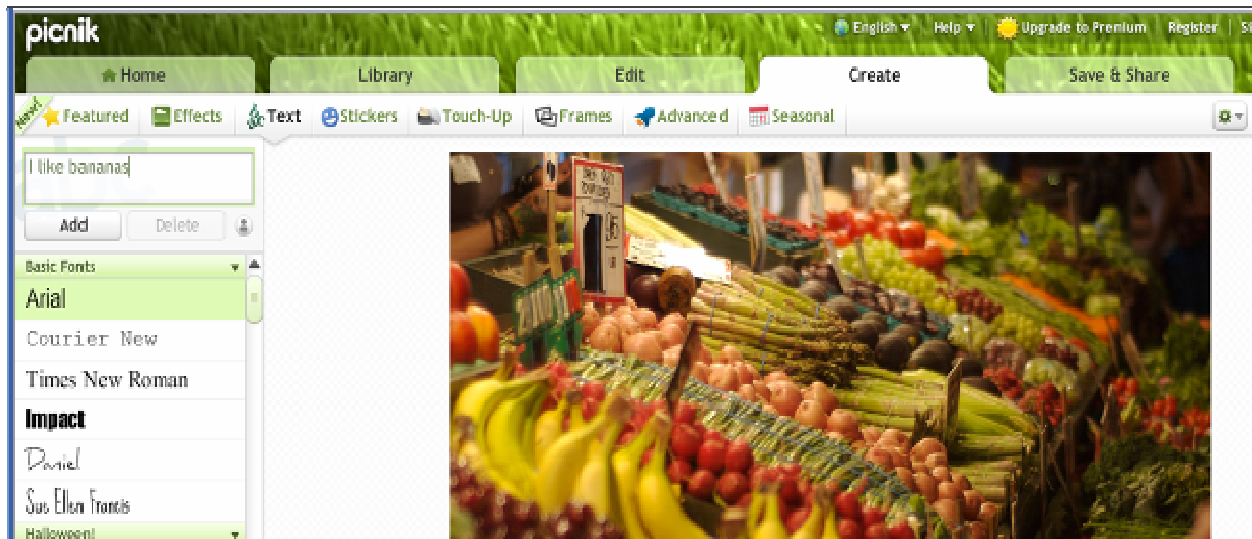

We will learn how to add text to a photo and send it in an email using a **free program on the internet called PICNIK**

- 1) go to Google on the internet
- 2) In the Google search box, type in the word picnik. The website is www.picnik.com
- 3) Click the entry for Picnik.com Look for the description Photo editing the easy way
- 4) Click the button "Get started now!"

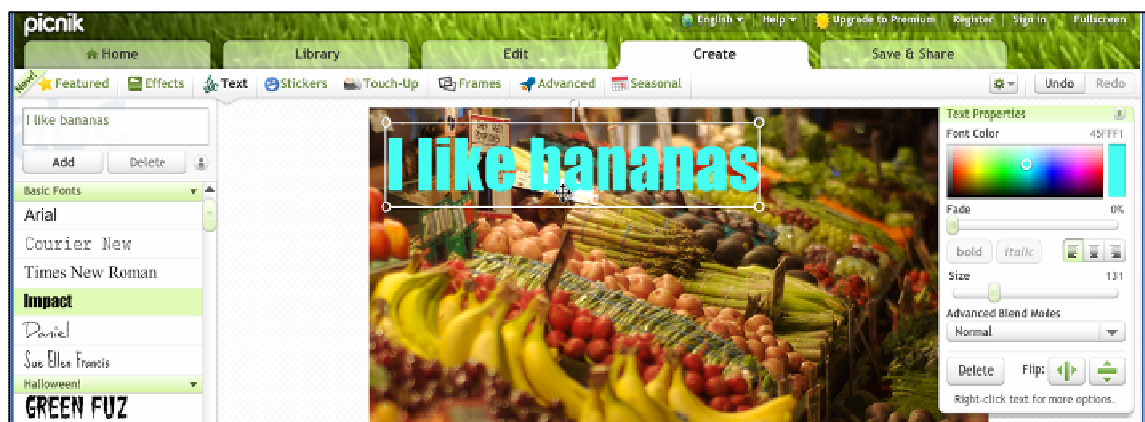

(to use Picnik in Spanish, go to the bottom of the page and select Espanol and click Comenzia ahora)

For today's practice, we will use one of Picnik's demonstration photos

- 5) Click on the photo of the fruits and vegetables
- 6) Click the Create tab across the top
- 7) Click on Text.
- 8) In the text box, type I like bananas

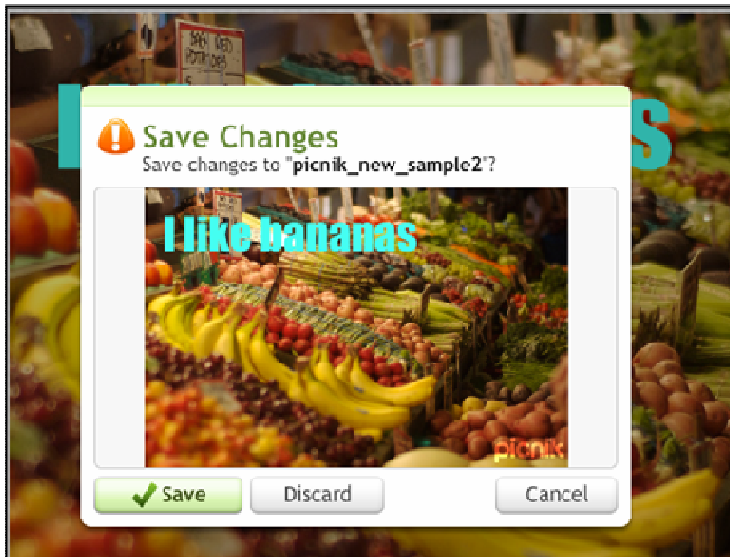

9-11) Practice changing the type style, color and size of the sentence I like bananas.

12) Use your mouse to move the sentence to the top and bottom of the photo

13) When you are done, save your photo changes

14) Click the Save and Share tab and select Email photo

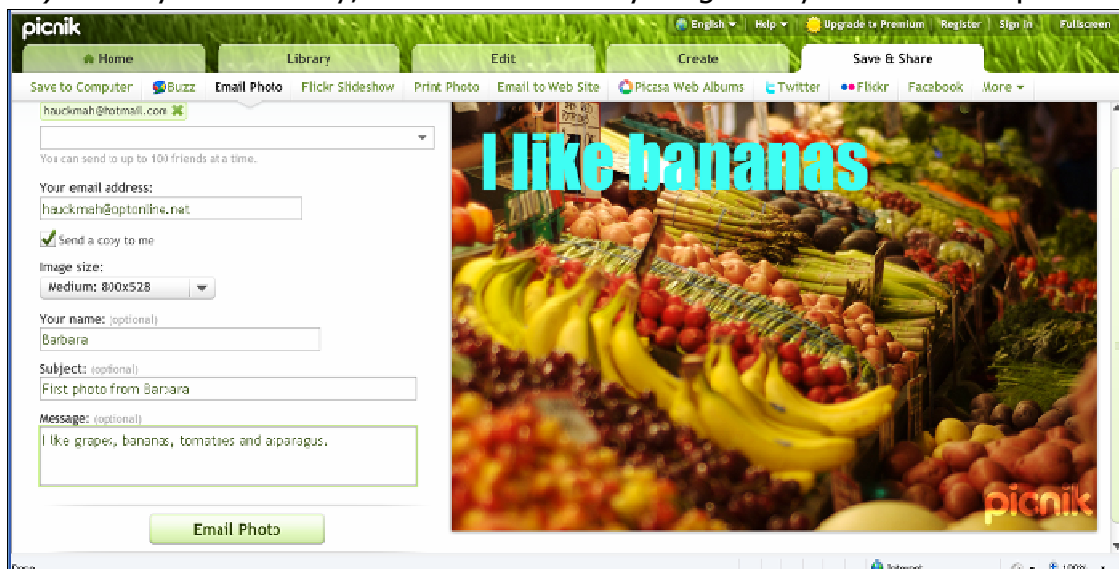

15) In the recipient line, type the email address hauckmah@hotmail.com

16) Type your full email address and select Medium for the photo size

17) In the Subject line, type First photo from (your name)

18) In the message box, type a sentence or two about your favorite fruits and vegetables.

19) When you are ready, we will check everything then you click Email photo

20) Open your email and check the photo that you sent.
