Join local author and photographer **Kevin Woyce** for a colorful tour of New Jersey's coastal history, from the long-ago days of pirates, shipwrecks, and lighthouses to the founding of today's most popular beach resorts. Using original photography and historic images, he will explain why there is an elephant-shaped building on the beach in Margate, a concrete ship in Cape May, and a town called Ship Bottom—and much more! After the program, he will answer audience questions.
